Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-

#### **Emergency**

To be great at wilderness survival, beyond the basic survival skills, requires an in-depth understanding of a variety of nature skills.

For example, wildlife tracking skills allow one to effectively locate wild game for food, and knowledge of herbal medicine allows one to heal illnesses with wild plants.
