Transmission issues - 1997 Dodge Grand Caravan

The engine in your 1997 Dodge Caravan may make the power, but it is the transmission (or transaxle) that sends it to rest of the driveline.

Online Library

1997 Dodge

Caravan Engine

With an automatic transmission (AT) the torque converter and flexplate are responsible for transferring the rotating engine power to the transmission.

With a manual transmission (MT) the clutch disc, flywheel, pressure plate, and throwout bearing (or slave cylinder) all work together to get the power to the transmission front
