Parents will do almost anything to get their kids to eat healthier, but unfortunately, they've found that begging, pleading, threatening, and bribing don't work. With their patience wearing thin, parents will "give in" for the sake of family peace, and reach for "kiddie" favorites-often nutritionally inferior choices such as fried fish sticks, mac n' cheese, Pop-sicles, and cookies. Missy Chase Lapine, former publisher of Eating Well magazine, faced the same challenges with her two young daughters, and she sought a solution. Now in *The Sneaky Chef*, Lapine presents over 75 recipes that ingeniously disguise the most important superfoods inside kids' favorite meals. With the addition of a few simple make-ahead purees or clever replacements, (some may surprise you!) parents can pack more fiber, vitamins, and antioxidants in their kids' foods. Examples of "Sneaky" recipes include: No Harm Chicken Parm Power Pizza Incognito Burritos Guerilla Grilled Cheese Brainy Brownies Health-by-Chocolate Cookies Quick fixes for Jell-O(R)

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

First published in 1912, Chambers' study provides an introduction to Widsith and to the general background of German heroic poetry.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations.
