Murder In Sylvania is a true history about a grisly murder that happened in a small, quiet community in northwestern Ohio back in 1857. Everything contained in this book was prepared from documents that existed at the time of the murder, and the actual names of people and places are used throughout. The reader will learn about all the gory details of this murder, confessions to other murders, the sentencing and the hanging of a man whose childhood set the stage for this hardened criminal. The murder, committed by Return Jonathan Meigs Ward, was the first case of capital execution in Lucas County, Ohio, and this brutal murder was the last of a series of slayings committed by this first presumed serial killer in the state of Ohio.

A National Bestseller! Why be house poor when you can rent rich? “Why rent when you can buy?” More than any other, this phrase captures the overwhelmingly unanimous promotion of home ownership to Canadians. Real estate agents, mortgage brokers, family, friends, and even the government promote ownership as a safe, attractive, and sure-fire path to personal wealth. This one-size-fits-all advice ignores the reality of Canada ' s housing market. Canadians deserve better advice. Faced with expensive house prices in a near-zero interest rate world, it ' s time Canadians heard the virtues of renting and seriously considered renting as an alternative to home ownership. Real estate analyst Alex Avery insists renting offers a simple, more affordable way to live, plus in Canada ' s frenzied housing market, going month-to-month is dramatically lower risk. He claims the reputation of home ownership as a wealth building strategy is unfounded and shows renters how to replace bricks-and-mortar with better investment opportunities.

Felix Dennis is an expert at proving people wrong. Starting as a college dropout with no family money, he created a publishing empire, founded Maxim magazine, made himself one of the richest people in the UK, and had a blast in the process. How to Get Rich is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why "ownership isn't the important thing, it's the only thing."

Richard Koch has made over £ 100 million from spotting 'Star' businesses. In his new book, he shares the secrets of his success - and shows how you too can identify and enrich yourself from 'Stars'. Star businesses are ventures operating in a high-growth sector - and are the leaders in their niche of the market. Stars are rare. But with the help of this book and a little patience, you can find one, or create one yourself. THE STAR PRINCIPLE is a vital book for any budding entrepreneur or investor (of grand or modest means). It is also invaluable for any ambitious employee who realises the benefits of working for a Star venture - real responsibility, fast personal development, better pay, great bonuses and valuable share options. Whoever you are, identifying and investing in Stars will make your life much sweeter and richer in every way.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don't get good grades, you won't get into college.” “Regardless of whether I go to college,” he replied, “I'm going to be rich.”
