Sam's life is as dull as the dishwasher in his small-town Montana diner, and that's just how he wants it. The breezy young drifter who answers his help-wanted ad makes him uneasy, but he can't help but be pulled in by Jay Colby's spunky attitude, endless stories, and undeniable sex appeal. Fresh off yet another romantic disaster, Jay doesn't understand his attraction to the taciturn line cook, but there's no fighting the chemistry that lands them in bed, where Sam's subtly dominant streak takes command, and Jay delights in discovering the pleasures of his submissive side. Assuming their relationship is temporary, neither lover holds back when the heat is on. Until Sam's deadly past catches up with them with a vengeance, forcing him to drop the life he's built, pick up his lover, and run. As danger cuts

# Download Free Last Stop Ebook Lou Harper

closer to the bone, Sam and Jay are forced to face the truth. About themselves, about the depth of their love—and the newly forged bonds that are about to be tested to the limit.

After five years in eastern Europe using his unique, inborn skills to slay bloodsuckers, Gabe is back in his hometown Chicago and feeling adrift. Until he's kidnapped by a young, sexy vampire who seems more interested in getting into his pants than biting into his neck. Harvey Feng is one-half Chinese, one-hundred-percent vampire. He warns Gabe to stay out of the Windy City, but somehow he isn't surprised when the young slayer winds up on his doorstep. And why shouldn't Gabe be curious? A vegetarian vampire isn't something one sees every day. Against their better judgment, slayer and sucker succumb to temptation. But their affair attracts unexpected attention. When Chicago's Vampire Boss makes Gabe an offer he can't refuse, the unlikely lovers are thrust into peril and mystery in the dark heart of the Windy City. However, dealing with murderous humans and vampires alike is easy compared to figuring out if there's more to their relationship than hot, kinky sex.

**INSTANT NEW YORK TIMES BESTSELLER** Two brothers meet in the remote Australian outback when the third brother is found dead, in this stunning new standalone novel from Jane Harper. Brothers Nathan and Bub Bright meet for the first time in months at the remote fence line separating their cattle ranches in the lonely outback. Their third brother, Cameron, lies dead at their feet. In an isolated belt of Australia, their homes a three-hour drive apart, the brothers were one another's nearest neighbors. Cameron was the middle child, the one who ran the family homestead. But something made him head out alone under the unrelenting sun. Nathan, Bub and Nathan's son return to Cameron's ranch and to those left behind by his passing: his wife, his daughters, and his mother, as well as their long-time employee and two recently hired seasonal workers. While they grieve Cameron's loss, suspicion starts to take

# Download Free Last Stop Ebook Lou Harper

hold, and Nathan is forced to examine secrets the family would rather leave in the past. Because if someone forced Cameron to his death, the isolation of the outback leaves few suspects. A powerful and brutal story of suspense set against a formidable landscape, *The Lost Man* confirms Jane Harper, author of *The Dry* and *Force of Nature*, is one of the best new voices in writing today.

This "superbly written true-crime story" (Michael Lewis, *The New York Times Book Review*) masterfully brings together the tales of a serial killer in 1970s Alabama and of Harper Lee, the beloved author of *To Kill a Mockingbird*, who tried to write his story. Reverend Willie Maxwell was a rural preacher accused of murdering five of his family members, but with the help of a savvy lawyer, he escaped justice for years until a relative assassinated him at the funeral of his last victim. Despite hundreds of witnesses, Maxwell's murderer was acquitted--thanks to the same attorney who had previously defended the reverend himself. Sitting in the audience during the vigilante's trial was Harper Lee, who spent a year in town reporting on the Maxwell case and many more trying to finish the book she called *The Reverend*. Cep brings this remarkable story to life, from the horrifying murders to the courtroom drama to the racial politics of the Deep South, while offering a deeply moving portrait of one of our most revered writers.

As Mary Richards's lovable and self-deprecating best friend Rhoda Morgenstern on *The Mary Tyler Moore Show*, Valerie Harper, too, turned the world on with her smile. Viewers could relate to Rhoda, native New Yorker and struggling working girl, who was unlucky in love and insecure about her weight but who always kept her sense of humor. Valerie was an unknown actress when she won the part that made her famous, and by the time *Rhoda*, her popular spin-off show, ended, she had won four Emmys and a Golden Globe. The role was groundbreaking. On-screen, she represented a self-

# Download Free Last Stop Ebook Lou Harper

reliant new identity for women of the 1970s while off-screen she fought alongside feminists Gloria Steinem and Bella Abzug for equal rights, among other issues that were important to her. Valerie's showbiz journey has taken her from Broadway, where she performed as a dancer and eventually found herself onstage with Lucille Ball and Jackie Gleason, to Hollywood, where she went down in history as one of television's best-loved characters, and back to the Great White Way, where she recently won a Tony Award nomination for her critically acclaimed role as Tallulah Bankhead. Her inspiring story is laced with triumphs and a few transformative obstacles along the way, but she remains upbeat and funny throughout, always confident that no matter what, she's going to make it after all.

A revised and complete edition of this modern classic, featuring a new foreword from author Tony Kushner.

"Kieran Elliott's life changed forever on the day a reckless mistake led to devastating consequences. The guilt that still haunts him resurfaces during a visit with his young family to the small coastal community he once called home. Kieran's parents are struggling in a town where fortunes are forged by the sea. Between them all is his absent brother, Finn. When a body is discovered on the beach, long-held secrets threaten to emerge. A sunken wreck, a missing girl, and questions that have never washed away..."--

"I'm a therapist, and I work with the most dangerous patients. I've seen it all... A boy who planned to be the next school shooter. A patient with OCD whose loved ones really did suffer every time he missed a ritual. A choir boy who claimed he was being molested -- not by a priest -- but by God Himself. A patient with PTSD who gave me nightmares. A husband and wife who accused each other of abuse, and only one of them was telling the truth. A woman who kept her ex locked up as a sex slave. A pedo-ring conspiracy

# Download Free Last Stop Ebook Lou Harper

theorist who was actually onto something. And how could I ever forget, Patient #220. The problem is, my patients have a habit of dying. Sometimes I wonder if I'm the common denominator. Or maybe that's just the cost of taking on exceptionally broken clients. Either way, I'll never stop trying to help."--Page 4 of cover.

A historic literary event: the publication of a newly discovered novel, the earliest known work from Harper Lee, the beloved, bestselling author of the Pulitzer Prize-winning classic, *To Kill a Mockingbird*. Originally written in the mid-1950s, *Go Set a Watchman* was the novel Harper Lee first submitted to her publishers before *To Kill a Mockingbird*. Assumed to have been lost, the manuscript was discovered in late 2014. *Go Set a Watchman* features many of the characters from *To Kill a Mockingbird* some twenty years later. Returning home to Maycomb to visit her father, Jean Louise Finch—Scout—struggles with issues both personal and political, involving Atticus, society, and the small Alabama town that shaped her. Exploring how the characters from *To Kill a Mockingbird* are adjusting to the turbulent events transforming mid-1950s America, *Go Set a Watchman* casts a fascinating new light on Harper Lee's enduring classic. Moving, funny and compelling, it stands as a magnificent novel in its own right.

This collection of pithy, brilliantly acerbic pieces is a companion to *Sixty Stories*, Barthelme's earlier retrospective volume. Barthelme spotlights the idiosyncratic, haughty, sometimes downright ludicrous behavior of human beings, but it is style rather than content which takes precedence.
