by Conference Chairman n1 It is my pleasure to introduce this volume of Proceedings for the 33 MATADOR Conference. The Proceedings include 83 refereed papers submitted from 19 countries on 4 continents. 00 The spread of papers in this volume reflects four developments since the 32 MATADOR Conference in 1997: (i) the power of information technology to integrate the management and control of manufacturing systems; (ii) international manufacturing enterprises; (iii) the use of computers to integrate different aspects of manufacturing technology; and, (iv) new manufacturing technologies. New developments in the manufacturing systems area are globalisation and the use of the Web to achieve virtual enterprises. In manufacturing technology the potential of the following processes is being realised: rapid proto typing, laser processing, high-speed machining, and high-speed machine tool design. And, at the same time in the area of controls and automation, the flexibility and integration ability of open architecture computer controllers are creating a wide range of opportunities for novel solutions. Up-to-date research results in these and other areas are presented in this volume. The Proceedings reflect the truly international nature of this Conference and the way in which original research results are both collected and disseminated. The volume does not, however, record the rich debate and extensive scientific discussion which took place during the Conference. I trust that you will find this volume to be a permanent record of some of the research carried out in the last two years; and.

Can a twelve-step program help Sadie kick her unrequited crush for good? Abby McDonald serves up her trademark wit and wisdom in a hilarious new novel. Seventeen-year-old Sadie is in love: epic, heartfelt, and utterly onesided. The object of her obsession — ahem, affection — is her best friend, Garrett Delaney, who has been oblivious to Sadie ' s feelings ever since he sauntered into her life and wowed her with his passion for Proust (not to mention his deep-blue eyes). For two long, painful years, Sadie has been Garrett ' s constant companion, sharing his taste in everything from tragic Russian literature to art films to ' 80s indie rock — all to no avail. But when Garrett leaves for a summer literary retreat, Sadie is sure that the absence will make his heart grow fonder — until he calls to say he ' s fallen in love. With some other gir! A heartbroken Sadie realizes that she ' s finally had enough. It ' s time for total Garrett detox! Aided by a barista job, an eclectic crew of new friends (including the hunky chef, Josh), and a customized selfhelp guide, Sadie embarks on a summer of personal reinvention full of laughter, mortifying meltdowns, and a double shot of love.

This compelling novel follows four women as they learn to balance children, estranged husbands, boyfriends, and problems at work through their faith in God. Michelle, Tonya, Mrs. Judson, and Miz Ida. African-American, white, rich, poor -- they seemingly have nothing in common. Yet every day they face the complex realities of twenty-first-century urban life as they try to balance their needs with their belief in God. Through the course of a year, these women must come to terms with the past, discover their true identities, and recognize the unexpected miracles that reveal God's all-encompassing love. These four women entertain us and invite us to join in their lives. As they welcome us, they also introduce us to the men in their lives. The men play supporting roles, adding color and zest to the lives of the Cover Girls. Bishop Jakes knows the struggles real women encounter and the losses that make it difficult to face the future. He brings compassionate insight and deep wisdom to this novel and proves that he is not only a gifted preacher, but a born storyteller.
