Most modern day slavery is connected to the labour market with nearly 25 million people engaging in forced labour, raising a staggering \$150 billion each year for those who control them. A harrowing proof of the existence of slavery in Libya was revealed in 2017 with video footage of groups of men being auctioned off as farm labourers.

Bringing together conceptual, practice, and advocacy knowledge, Ending Human Trafficking and Modern-Day Slavery: Freedom's Journey by Annalisa Enrile explores the complexities of human trafficking and modern-day slavery through a global perspective. This comprehensive, multidisciplinary text includes a discussion of the root causes and structural issues that continue to plague society, as well as real-life case studies and vignettes, the words of human trafficking survivors, and insights from first responders and anti-trafficking advocates. Each chapter includes a " call to action " to inspire readers to implement a range of strategies designed to disrupt, eradicate, or mitigate human trafficking and modern-day slavery.

Millions of people around the world are forced to work without pay and under threat of violence. These individuals can be found working in brothels, factories, mines, farm field, restaurants, construction sites and private homes: many have been tricked by human traffickers and lured by false promises of good jobs or education, some are forced to work at gunpoint, while others are trapped by phony debts from unscrupulous moneylenders. The SAGE Handbook of Human Trafficking and Modern-Day Slavery provides a comprehensive, interdisciplinary and global look at the diverse issues surrounding human trafficking and slavery in the post-1945 environment. Covering everything from history, literature and politics to economics, international law and geography, this Handbook is essential reading for academics and researchers, as well as for policy-makers and non-governmental organisations

"Kara supplements his analysis with a riveting account of this unconscionable industry, sharing the moving stories of victims and revealing the shocking conditions of their exploitation. He concludes with a proposal for aggressive measures that target the essential business and economic functioning of the sex trafficking industry designed to provide a more effective global approach to abolishing these crimes against the world's most vulnerable and exploited persons."--Jacket.

Sidharth Kara is a tireless chronicler of the human cost of slavery around the world. He has documented the dark realities of modern slavery in order to reveal the degrading and dehumanizing systems that strip people of their dignity for the sake of profit—and to link the suffering of the enslaved to the day-to-day lives of consumers in the West. In Modern Slavery, Kara draws on his many years of expertise to demonstrate the astonishing scope of slavery and offer a concrete path toward its abolition. From labor trafficking in the U.S. agricultural sector to sex trafficking in Nigeria to debt bondage in the Southeast Asian construction sector to forced labor in the Thai seafood industry, Kara depicts the myriad faces and forms of slavery, providing a comprehensive grounding in the realities of modern-day servitude. Drawing on sixteen years of field research in more than fifty countries around the globe—including revelatory interviews with both the enslaved and their oppressors—Kara sets out the key manifestations of modern slavery and how it is embedded in global supply chains. Slavery offers immense profits at minimal risk through the exploitation of vulnerable subclasses whose brutalization is tacitly accepted by the current global economic order. Kara has developed a business and economic analysis of slavery based on metrics and data that attest to the enormous scale and functioning of these systems of exploitation. Beyond this data-driven approach, Modern Slavery unflinchingly portrays the torments endured by the powerless. This searing expos é documents one of humanity ' s greatest wrongs and lays out the framework for a comprehensive plan to eradicate it.

Human Trafficking: A Comprehensive Exploration into Modern Day Slavery examines the legal, socio-cultural, historical, and political aspects of human trafficking and modern-day slavery. While most texts only cover sex trafficking and labor trafficking, this text takes a more inclusive approach, provide coverage of what is currently known about organ trafficking, child marriage, and child soldiers as well. These topics are explored within the borders of the United States as well as across the world. The reality is that this problem is not limited to one country or, even, one continent. Technology and globalization have made this an international crisis that requires a collaborative and cooperative international response. The goal of this text is to provide an accurate understanding of all forms of human trafficking and current responses to this crime. You can find additional author-created digital resources to accompany this text at <https://sagehtbook.weebly.com/>

An expos é e of the modern slave trade in more than a dozen countries worldwide describes the illicit brothels, slave quarries, and child markets of the world's human trafficking networks, while also documenting the current state of abolitionist efforts.

2014 Outreach Magazine Resource of the Year ("Also Recommended," Justice) Slavery didn't end in 1833, when William Wilberforce's decades-long campaign finally resulted in the Slavery Abolition Act. It didn't end in 1863, when Abraham Lincoln signed the Emancipation Proclamation. It didn't end in 1949, when the United Nations declared trafficking "incompatible with the dignity and worth of the human person." The sad truth is, slavery never ended. It just went underground, where it continues to exploit powerless men, women and children in horrific ways throughout the world. Now for the good news: you have power. In Refuse to Do Nothing, "Abolitionist Mamas" Shayne Moore and Kimberly Yim share their stories of coming to terms with the power available to them in their normal, everyday lives to illuminate the shadows where those who traffic in people hide compel corporations to fight slavery in how their products are made motivate politicians to fight for human dignity mobilize friends and strangers alike to fight slavery at home and throughout the world Slavery doesn't end without a fight. But get to know Shayne and Kimberly and their abolitionist friends, and you'll find the power God grants to all who fight for the powerless, and the joy awaiting those who refuse to do nothing.

In 2017, over 5,000 victims of slavery were found in the UK, and their numbers are rising each year. From men working in Sports Direct warehouses for no pay, to teenage Vietnamese girls trafficked into small town nail bars, modern slavery is all around us, operating in plain sight.But is this really slavery, and is it even a new phenomenon? Why has the British Conservative Party called it 'one of the great human rights issues of our time', when they usually ignore the exploitation of those at the bottom of the economic pile? The Truth About Modern Slavery reveals how these workers are being used as pawns in a political game. In order to create the 'hostile environment' towards immigrants in Britain, the state has to appear to be moral; identifying 'slaves' amidst a sea of other vulnerable workers allows them to divide and conquer.Blaming the media's complicity, rich philanthropists' opportunism and even the Labour Party's silence on the subject, The Truth About Modern Slavery is the first book to challenge the conventional narratives on modern slavery.

Over the last two decades, fighting modern slavery and human trafficking has become a cause é è bre. Yet large numbers of researchers, non-governmental organizations, trade unions, workers, and others who would seem like natural allies in the fight against modern slavery and trafficking are hugely skeptical of these movements. They object to how the problems are framed, and are skeptical of the " new abolitionist " movement. Why? This book tackles key controversies surrounding the anti-slavery and anti-trafficking movements head on. Champions and skeptics explore the fissures and fault lines that surround efforts to fight modern slavery and human trafficking today. These include: whether efforts to fight modern slavery displace or crowd out support for labor and migrant rights; whether and to what extent efforts to fight modern slavery mask, naturalize, and distract from racial, gendered, and economic inequality; and whether contemporary anti-slavery and anti-trafficking crusaders' use of history are accurate and appropriate.

"Trafficking thrives in the shadows. And it can be easy to dismiss it as something that happens to someone else, somewhere else. But that is not the case. Trafficking is a crime that involves every nation on earth, and that includes our own."—US secretary of state Hillary Rodham Clinton, 2009 Human trafficking is as old as slavery and continues to be practiced in the modern world. Victims of human traffickers include workers in restaurants and in garment factories, maids and nannies in the homes of wealthy families, child sex workers, beggars on the street, boy soldiers, even infants kidnapped for foreign adoptions. Women and children are more likely to be coerced or seized than men and boys, especially if they are poor and uneducated. Traffickers sell their victims for their bodies or for their labor and reap an enormous profit. Human trafficking is estimated to be a \$30 to \$45 billion industry on an annual basis, rivaling weapons and drug trafficking as one of the most profitable criminal undertakings in the world. Up for Sale takes a hard look at human trafficking, identifying perpetrators and telling the stories of victims through their own words. You'll discover why some people become vulnerable to trafficking and you'll read about what their lives are like on a daily basis. You'll also meet some of the courageous individuals and organizations working to free people from lives in bondage so that, in the words of US president Barack Obama, each person can "forge a life equal to [their] talents and worthy of [their] dreams."
