From George R. R. Martin's Introduction to Warriors: "People have been telling stories about warriors for as long as they have been telling stories. Since Homer first sang the wrath of Achilles and the ancient Sumerians set down their tales of Gilgamesh, warriors, soldiers, and fighters have fascinated us; they are a part of every culture, every literary tradition, every genre. All Quiet on the Western Front, From Here to Eternity, and The Red Badge of Courage have become part of our literary canon, taught in classrooms all around the country and the world. Our contributors make up an all-star lineup of award-winning and bestselling writers, representing a dozen different publishers and as many genres. We asked each of them for the same thing—a story about a warrior. Some chose to write in the genre they're best known for. Some decided to try something different. You will find warriors of every shape, size, and color in these pages, warriors from every epoch of human history, from yesterday and today and tomorrow, and from worlds that never were. Some of the stories will make you sad, some will make you laugh, and many will keep you on the edge of your seat." The stories in the second mass market volume of this book are: Introduction: Stories of the Spinner Rack, by George R. R. Martin Seven Years from Home, by Naomi Novik Dirae, by Peter S. Beagle Ancient Ways, by S. M. Stirling The Scroll, by David Ball Recidivist, by Gardner Dozois Ninieslandó, by Howard Waldrop Out of the Dark, by David Weber Many of these writers are bestsellers. All of them are storytellers of the highest quality. Together they make a volume of unforgettable reading. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"This remarkably well-written analysis" of US foreign relations offers a provocative and compelling new interpretation of American Exceptionalism (Choice). For decades the United States has been the world's predominant superpower. The country's economic authority, forceful foreign policy, and leading position in international institutions are typically seen as the results of a long-standing, deliberate strategy. Furthermore, it has become widely accepted that American exceptionalism—the belief that America is a country like no other in history—has been at the root of the country's political and military decisions. Pioneering historian Frank Ninkovich disagrees. In The Global Republic, Ninkovich argues that the United States has been driven not by a belief in its destiny or its special character but rather by a need to survive the forces of globalization. He builds the powerful case that American foreign policy has long been entangled in questions of global engagement, while also showing that globalization itself has always been distinct from—and sometimes in direct conflict with—what we call international society.

Chelsea Cain's novels featuring Portland detective Archie Sheridan and serial killer Gretchen Lowell have captivated fans through two nail-biting entries, Heartsick and Sweetheart, both of them multiweek bestsellers in The New York Times, USA Today, and Publishers Weekly. Gretchen Lowell is still on the loose. These days, she's more of a cause célèbre than a feared killer, thanks to sensationalist news coverage that has made her a star. Her face graces magazine covers weekly and there have been sightings of her around the world. Most shocking of all, Portland Herald reporter Susan Ward has uncovered a bizarre kind of fan club, which celebrates the number of days she's been free. Archie Sheridan hunted her for a decade, and after his last play to catch her went spectacularly wrong, remains hospitalized months later. When they last spoke, they entered a détente of sorts—Archie agreed not to kill himself if she agreed not to kill anyone else. But when a new body is found accompanied by Gretchen's trademark heart, all bets are off and Archie is forced back into action. Has the Beauty Killer returned to her gruesome ways, or has the cult surrounding her created a whole new evil? Chelsea Cain continues to deliver heart-stopping thrills and chills in the latest entry in this dynamic bestselling series.

Features lavish illustrations by such artists as Jim Burns, John Howe, Ted Nasmith, Steve Stone, Charles Vess, Stephen Youll and many others. All of the illustrations are from book covers, special editions, comic books, board and card games, concept art, and fan art personally selected by George Martin.

From the author of the Mask of Shadows duology comes a standalone fantasy where two young women must trade lives, work together to stay alive, and end a war caused by magic and greed. Emilie des Marais is more at home holding scalpels than embroidery needles and is desperate to escape her noble roots to serve her country as a physician. But society dictates a noble lady cannot perform such gruesome work. Annette Boucher, overlooked and overworked by her family, wants more from life than her humble beginnings and is desperate to be trained in magic. So when a strange noble girl offers Annette the chance of a lifetime, she accepts. Emilie and Annette swap lives—Annette attends finishing school as a noble lady to be trained in the ways of divination, while Emilie enrolls to be a physician's assistant, using her natural magical talent to save lives. But when their nation instigates a terrible war, Emilie and Annette come together to help the rebellion unearh the truth before it's too late. "A bursting-at-the-seams stand-alone empowerment story."—Kirkus Reviews "Hand to any lover of magic, rebellion, secrets, and self-discovery."—Booklist

The Achieve Planer is engineered to help take your largest life goals and reach them. Monthly organization sheets keep you on track and highlight the tools you have to make steps towards your goals. Daily sheets provide reflection space to keep you grounded to the positives each day offers, while including the normal organization space for to-dos, appointments, and notes like other planners. The Achieve Planner is the perfect way to keep life organized, on track, and full of value. The Achieve Planner features a hard cover to ensure it holds up to heavy use and is small enough to carry handy; fitting in most handbags.

Until her paper, the Baltimore Star, crashed and burned, Tess Monaghan was a damn good reporter who knew her hometown intimately -- from historic Fort McHenry to the crumbling projects of Cherry Hill. Now gainfully unemployed at twenty-nine, she's willing to take any freelance job to pay the rent -- including a bit of unorthodox snooping for her rowing buddy, Darryl "Rock" Paxton. In a city where someone is murdered almost everyday, attorney Michael Abramowitz's death should be just another statistic. But the slain lawyer's notoriety -- and his noontime trysts with Rock's fiancée -- make the case front page news...and points to Rock as the likely murderer. But trying to prove her friend's innocence could prove costly to Tess -- and add her name to that infamous ever-growing list.
