WASHINGTON (Reuters) - Honda Motor Co's U.S. unit said on Monday it is targeting initial annual sales of 70,000 for its planned electric Prologue sport utility vehicle when it goes to market in 2024.

In the time before Creation, before so many of the children of God turned away from their Father and walked knowingly into the dark, there was a choosing, a sifting, a contest of ideas and a battle for souls. In that great premortal war, each of us learned the first lessons of life: The great ones may fall. The wicked can change. The weak and the foolish can become the strongest of all. And the battle between good and evil is the same regardless of the time or place. The Brothers is the first novel in a new series by national bestselling author Chris Stewart. The Great and Terrible takes us from the beginning of time to the final hours of the last days, revealing the greatest secret of all: The children of God can defeat the adversary, for we have fought him before.

The extraordinary #1 New York Times bestseller about the ability of books to feed the soul even in the darkest of times. Nominated as one of America's best-loved novels by PBS's The Great American Read. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist--books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Artemis Fowl meets Men in Black in this exhilarating debut middle grade fantasy, the first in a trilogy filled with #blackgirlmagic. Perfect for fans of Tristan Strong Punches a Hole in the Sky, the Percy Jackson series, and Nevermoor. Amari Peters has never stopped believing her missing brother, Quinton, is alive. Not even when the police told her otherwise, or when she got in trouble for standing up to bullies who said he was gone for good. So when she finds a ticking briefcase in his closet, containing a nomination for a summer tryout at the Bureau of Supernatural Affairs, she's certain the secretive organization holds the key to locating Quinton—if only she can wrap her head around the idea of magicians, fairies, aliens, and other supernatural creatures all being real. Now she must compete for a spot against kids who've known about magic their whole lives. No matter how hard she tries, Amari can't seem to escape their intense doubt and scrutiny—especially once her supernaturally enhanced talent is deemed "illegal." With an evil magician threatening the supernatural world, and her own classmates thinking she's an enemy, Amari has never felt more alone. But if she doesn't stick it out and pass the tryouts, she may never find out what happened to Quinton.

In this New York Times bestseller, follow the author of The Notebook as he travels the world with his brother learning about faith, loss, connection, and hope. As moving as his bestselling works of fiction, Nicholas Sparks's unique memoir, written with his brother, chronicles the life-affirming journey of two brothers bound by memories, both humorous and tragic. In January 2003, Nicholas Sparks and his brother, Micah, set off on a three-week trip around the globe. It was to mark a milestone in their lives, for at thirty-seven and thirty-eight respectively, they were now the only surviving members of their family. Against the backdrop of the wonders of the world and often overtaken by their feelings, daredevil Micah and the more serious, introspective Nicholas recalled their rambunctious childhood adventures and the tragedies that tested their faith. And in the process, they discovered startling truths about loss, love, and hope. Narrated with irrepressible humor and rare candor, and including personal photos, Three Weeks with My Brother reminds us to embrace life with all its uncertainties . . . and most of all, to cherish the joyful times, both small and momentous, and the wonderful people who make them possible.

While still mourning the death of their mother, three brothers go with their father on an extended sailing trip off the Florida Keys and have a harrowing adventure at sea.

Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In The Devil All the Time, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone's Natural Born Killers with the religious and Gothic overtones of Flannery O'Connor at her most haunting. Set in rural southern Ohio and West Virginia, The Devil All the Time follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There's Willard Russell, tormented veteran of the carnage in the South Pacific, who can't save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his "prayer log." There's Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America's highways searching for suitable models to photograph and exterminate. There's the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte's orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

It is a fool's errand and Tallos knows it, but against his own better judgment and the pleading of his wife, Tallos has committed himself to a voyage north. His lifelong friend's eldest sons are said to have been taken by Northmen, a raiding people ill-reputed for their savagery. The boys are already dead, Tallos knows, and in that dark place of grim reasoning he wishes only to find their corpses quickly so he can fulfill his promise and return to his wife. Instead, he finds something far worse.
