The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. Two kids named Wes Moore were born blocks apart within a year of each other. Both grew up fatherless in similar Baltimore neighborhoods and had difficult childhoods; both hung out on street corners with their crews; both ran into trouble with the police. How, then, did one grow up to be a Rhodes Scholar, decorated veteran, White House Fellow, and business leader, while the other ended up a convicted murderer serving a life sentence? Wes Moore, the author of this fascinating book, sets out to answer this profound question. In alternating narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide. Praise for *The Other Wes Moore* "Moving and inspiring, *The Other Wes Moore* is a story for our times."—Alex Kotlowitz, author of *There Are No Children Here* "A tense, compelling story and an inspirational guide for all who care about helping young people."—Juan Williams, author of *Enough* "This should be required reading for anyone who is trying to understand what is happening to young men in our inner cities."—Geoffrey Canada, author of *Fist Stick Knife Gun* "The Other Wes Moore gets to the heart of the matter on faith, education, respect, the hard facts of incarceration, and the choices and challenges we all face. It's educational and inspiring."—Ben Carson, M.D., author of *Gifted Hands* "Wes Moore is destined to become one of the most powerful and influential leaders of this century. You need only read this book to understand why."—William S. Cohen, former U.S. senator and secretary of defense "This intriguing narrative is enlightening, encouraging, and empowering. Read these words, absorb their meanings, and create your own plan to act and leave a legacy."—Tavis Smiley, from the Afterword

When Jill Allen-King OBE, suddenly lost her sight at the age of 24, with little help and advice available from Social Services she had to teach herself to cope with a whole new way of living that had its own set of challenges to overcome, including looking after her daughter, Jacqueline, born soon afterwards. It wasn't until seven years later that Jill successfully completed a training course with her first guide dog and finally, after years of being virtually housebound, was able to begin rebuilding her confidence and reclaiming her independence. Drawing on her own experiences of the problems and dangers that face the blind and partially sighted, as well as those with other mobility difficulties and disabilities, Jill has devoted her life to raising awareness of the needs and rights of the disabled, particularly in regard to access to public buildings, and campaigning for these issues to be considered by householders, businesses, councils and the government. None of this would have been possible without her six guide dogs over the past 40 years: Topsy, Bunty, Brandy, Quella, Lady and her current dog, Amanda. This book, following close on the heels of Jill's autobiography, *Just Jill*, is a heartfelt tribute to her trusted four-legged friends, who have given her companionship, instilled her with confidence and guided her safely in both her personal life and in her incredibly important voluntary work throughout the UK. No one can fail to be inspired by Jill's perseverance and achievements or by the fantastic work that guide dogs carry out for their owners. Although now in her seventies, with new challenges for those with disabilities always on the horizon, such as electric cars, shared streets and changes to the benefits system, Jill's contributions to the fight neither cease nor cease to amaze.

The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.

"I've been in Florence for now two days, still brutally jet-lagged. I keep waking up at a 4 or 5 in the morning. These have been slow, long days. Already a pace aggressively different than the last few weeks in LA for me. It feels good though. There's a kind of whirlpash, still reeling from the absurd, unnecessary non-stop-ness of my end-of-semester weeks in late April/early May. Many things to learn from, which is why it feels so good to be here. And why I write to you now, not simply because it's been far too long, but also because you are an inspiration! I cannot help but think about your travels and yes, your wisdom, when reeling slowly and pleaurably, freshly here in Tuscany." —Erik Benjamins, Butts of FlorenceIn 2006, Erik Benjamins, a Los Angeles-based artist, spent six months in Florence, Italy as an American student abroad. Eight years later, in 2014, he returned for six weeks to teach, walk, watch, think, eat, and learn. *Butts of Florence*, published now for the first time by No Style Press, is a collection of writing and photographs taken during this six-week stay. Formally stunning black and white photographs of the butts of various Florentine sculptures punctuate writing that adopts the forms of diaristic entries, appropriated letter writing, travel guide tips, restaurant reviews, and poetic prose. Together, text and image build the arc of a humorous, hungry, critical, introspective, romantic, and grateful visitor to one of the most storied cities in history. "This compact volume packs a punch—the perfect literary companion for a jaunt to Italy. A game changer." —Dr. Anthony Martin, molecular biologist and director of PATAO
