Developers who want to access USB devices from their embedded systems will find a helpful resource in USB Embedded Hosts: The Developer's Guide. This new book from the author of USB Complete shows how small systems can take advantage of the same wealth of USB devices available to conventional PCs. The book begins with a review of USB host communication protocols. Readers then learn which USB host requirements are relaxed for embedded systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on communicating with USB devices. The topics (with example code) include USB drives, keyboards, virtual serial ports, network bridges, mics, speakers, video cameras, and printers, plus devices that don't fit defined USB classes. Also discussed are systems that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about, monitor, and debug communications with USB devices.

Good aging infrastructure management consists of optimizing the choice of equipment and its refurbishment while also making compatible changes in all those operating and ownership policies, the whole combination aimed at optimizing the business results the power system owner desires. Both a reference and tutorial guide, this second edition of Aging Power Delivery Infrastructures provides updated coverage of aging power delivery systems, the problems they cause, and the technical and managerial approaches that power systems owners can take to manage them. See What's New in the Second Edition: All chapters have been updated or are completely new Comprehensive discussions of all issues related to equipment aging Business impact analysis and models and engineering business studies of actual utility cases Strategy and policy issues and how to frame and customize them for specific situations This book looks at the basics of equipment aging and its system and business impacts on utilities. It covers various maintenance, service and retrofit methods available to mitigate age-related deterioration of equipment. It also presents numerous configuration and automation upgrades at the system level that can deal with higher portions of aging equipment in the system and still provide good service at a reasonable cost.

This powerful drama examines the fears of parents driven to do "the right thing" when the safety of their daughter is in doubt. A mother and father who learn that the next door neighbor is a convicted child molester consider both vigilance and vigilantism before being forced into action by a pair of child advocacy crusaders. The shocking climax hits a raw nerve, leaving the audience to consider where the line between right and wrong lies. Mr. Bundy was a hit at the 1998 Humana Festival at Actors Theatre of Louisville. -- Publisher's website.

A multimillion-copy bestseller in China!now available in English! In this heart-pounding adventure, a group of individuals who have come together for an expedition, each with a specific interest, soon find themselves motivated by one common goal: the sheer will to survive. THE QUEST: To find the lost city of Jingjue, a once-glorious kingdom, along with the burial chamber of its mysterious queen. Both lie buried under the golden dunes of the desert, where fierce sandstorms and blazing heat show no mercy. THE TEAM: Teenagers Tianyi, who has the ability read the earth and sky through feng shui, and Kai, Tianyi's best friend and confidant; Julie, a wealthy American whose father vanished on the same trek a year ago; Professor Chen, who wants to fulfill a lifelong dream; and Asat Amat, a local guide gifted in desert survival. THE OBSTACLES: Lethal creatures of the desert and an evil force that wants to entomb the explorers under the unforgiving sands of China's Taklimakan Desert forever. Translated from the Chinese by Jeremy Tiang, whose recent work includes NEVER GROW UP, the translation from Chinese of the autobiography from action movie superstar Jackie Chan.
