A budget is usually more effective if the lower-level managers have input into the budget process.

## Chapter 6: THE MASTER BUDGET

By Kenneth Boyd When cost accounting, a static budget (also referred to as a master budget) is a summary of operating and financial plans. After the budget is created, it doesn't change with the level of activity (sales, production) in your business. A static budget is the starting point for determining a reasonable profit for your business.
