### **Faculty ITAC Portal | Fordham**

The manufacturing industry is no stranger to misconceptions and buzzwords. Collaborative automation, Industry 4.0, artificial intelligence, blockchain – the real reason we allow ourselves to spin in circles on these topics is because we're inherently hopeful and practical people: we want to build better and believe there is a path to doing so, if only we could find the way.

### **Blueprint For Industry 4.0: What Manufacturers Must Do Today**

Transform the existing landscape; bring 'Tomorrow, Today'. Rapidly build AI-powered process automations and augmented AI workflows. Transform all channels of customer engagement with a few clicks by deploying a AI task force that augments human workforce.
