Dont Be Such A Scientist

" Don't Be Such a Scientist is a stinging critique, yet it's also a funny, heart-felt account of one scientist's efforts to make non-scientists care about the natural world." (Carl Zimmer, author of "Microcosm" and the award-winning science blog The Loom)

filmmaker Randy Olson, Ph.D. which arises from a talk of the same title Olson gave to science audiences at universities and museums for five years preceding its publication.

Don't Be Such a Scientist - Wikipedia

And so, Don't Be Such A Scientist offers some great food for thought - and I suppose if it hadn't been written by a scientist it might also have been a more engaging read! But who am I to say, I'm still trying to bend my mind around the idea that Americans don't care about facts.

readers to “make science human”—and to enjoy the ride along the way.

Don't Be Such a Scientist, Second Edition

In *Don't Be Such a Scientist*, he shares the secrets of talking substance in an age of style. The key, he argues, is to stay true to the facts while tapping into something more primordial, more irrational, and ultimately more human.

Amazon.com: Don't Be Such a Scientist: Talking Substance ...

Marine biologist-turned- filmmaker Randy Olson thinks scientists could learn a thing or two from an unlikely source: Hollywood. In his new book, “Don't Be Such A Scientist,” Olson looks at how scientists aren't keeping up with today's quick communication, and says a lesson in Hollywood style storytelling could be the solution.

It has this provocative title: Don't Be Such a Scientist: Talking Substance in an Age of Style. A book website has just gone up, and the table of contents are thusly described: Introduction - The need for a new approach to science communication in an age of information overload. In the words of communication theorist Richard Lanham ("The ...

Randy Olson's Forthcoming Book: Don't Be Such a Scientist ...

Randy Olson's "Don't Be Such A Scientist" is eminently entertaining, but a little light on substance to be a really great book. Don't get me wrong - I thoroughly enjoyed reading the conversational style rendering of Olson's often hilarious forays into the film industry after he left his promising academic career.
