Emotion and Adaptation - Richard S. Lazarus, Richard S ...

Emotion and adaptation. The work provides a complete theory of emotional processes, explaining how different emotions are elicited and expressed, and how the emotional range of individuals develops over their lifetime. The author's approach puts emotion in a central role as a complex, patterned, organic reaction to both daily events and long-term efforts on the part of the individual to survive and flourish. . . .

Emotion and adaptation. - APA PsycNET

In his view, emotions cannot be divorced from other functions - whether biological, social or cognitive - and express the intimate, personal meaning of what individuals experience. As coping and adapting processes, they are seen as part of the on-going effort to monitor changes, stimuli and stresses arising from the environment.

Emotion and Adaptation (PDF)

Emotion and Adaptation by Richard S. Lazarus - Books on ...

Psychologist Richard Lazarus (1991) adapted Arnold's work slightly in the development of his cognitive-mediational theory, which asserts our emotions are determined by our appraisals of stimuli. This appraisal mediates between the stimulus and the emotional response, and it is immediate and often unconscious.
