Now you can make this easier and filter out the irrelevant results. Restrict your search results using the search tools to find only free Google eBooks.

Fanuc R2015ia Robot Teach Pendant

The FANUC teach pendant is designed for either left or right handed operation. The strap is typically placed on your non-dominate hand, leaving your dominate hand to hit most buttons and navigation keys. The strapped hand is used for the DeadMan switch and often the SHIFT key. The teach pendant is corded to the robot's main controller.

Teach Pendant - Industrial Robotics & Automation

This How-to article is going to go through using the FANUC teach pendant to switch the state of robot cell outputs and simulate and verify inputs for troubleshooting purposes. A robot cell is a complicated system of processes working together to accomplish a final goal by finishing each of these various tasks.
