we will use the foil. Competitive fencers may compete with all three, however usually one tries to specialize and master one weapon.

Fencing Study Guide - University of Chicago

Fencing, organized sport involving the use of a sword — épée, foil, or sabre —for attack and defense according to set movements and rules. Although the use of swords dates to prehistoric times and swordplay to ancient civilizations, the organized sport of fencing began only at the end of the 19th century.

fencing | History, Organizations, & Equipment | Britannica

Fencing is a group of three related combat sports. The three disciplines in modern fencing are the foil, the épée, and the sabre (also saber); winning points are made through the weapon's contact with an opponent. A fourth discipline, singlestick, appeared in the 1904 Olympics but was dropped after that, and is not a part of modern fencing. Fencing was one of the first sports to be played in ...
