Java EE 7 Development with WildFly - Packt

Unfortunately, much of the text for Java EE 8 Development with Eclipse was carried over from second edition, which was written for Java 7, Apache Tomcat 7, and MySQL version 5. Java 8 deprecated managed beans in favor of context-dependency injection (CDI) beans; yet the author continues to use managed beans in the examples.

Java EE 8 Development with Eclipse: Develop, test, and ...

The second chapter of Java EE 6 Development with NetBeans 7 introduces development of JavaServer Pages (JSP) with NetBeans 7. This is the first example (of several) in the book where the Java EE topic is introduced at a general and beginning level rather than focusing solely on what's new to Java EE with Java EE 6.
