The metal foot pedal is back! The original MotorGuide Tour was a huge hit with anglers and a large part of that was due to its metal foot pedal. Thankfully, MotorGuide decided to bring it back and I couldn't be happier with it. It's simple and it's tough as nails; that's exactly what I want in a trolling motor pedal.

I purchased the Motor Guide Tour Edition 82 lb thrust to replace my old Motor Guide Pro Series 70 lb thrust. Excellent trolling motor the variable speed control is a must for serious anglers allows you to move into tight areas holding fish silently. I have owned Motor Guides for nearly 20 years this by far is one of the best motors I have owned.

Mike: You know, the really cool thing about what's gone on and, you know, I've been with MotorGuide, basically, my whole career. And, you know, to go from the tour days to the X5 days and then see what MotorGuide has done with the Tour and the Tour Pro is pretty unbelievable. I actually had the opportunity to test just the Tour last fall.
