The 12th century theologian and author John of Salisbury used a version of the phrase in a treatise on logic called Metalogicon, written in Latin in 1159. Translations of this difficult book are quite variable but the gist of what Salisbury said is: "We are like dwarfs sitting on the shoulders of giants. We see more, and things that are more distant, than they did, not because our sight is superior or because we are taller than they, but because they raise us up, and by their great stature ...
