Sociolinguistic Patterns | William Labov

The "Sociolinguistic patterns" represent a milestone in the history of linguistics, since they explicit the theoretical and methodological basis of sociolinguistics as an independent discipline. Written in 1972, many of Labov's considerations here reported and organized are still very valuable and used by sociolinguists around the world, even if the discipline has grown in the years thanks to its natural interdisciplinarity (e.g., the impact of anthropology of language on sociolinguistics or ...

Introducing Sociolinguistics - LU

Sociolinguistic Patterns. This section is concerned with the findings of social or urban dialectology on linguistic variation. Urban dialectology studies language variation in urban regions. Classic studies within this area focus on variation in cities such as New York, Chicago and Detroit in the USA and Norwich in England.

Sociolinguistic Patterns - ello.uos.de

Likewise, as dialects change over time, patterns of the /r/ usage will change as well. This was essentially the focus of William Labov's 1966 linguistic experiment on the presence of rhoticity (pronunciation of the /r/ sound before
