## **Sociology - Wikipedia**

Social identity is the part of the self that is defined by one's group memberships. Social identity theory, which was formulated by social psychologist Henri Tajfel and John Turner in the 1970s, describes the conditions under which social identity becomes more important than one's identity as an individual. The theory also specifies the ways in which social identity can influence intergroup ...

The field of sociology itself is a relatively new discipline and so, by extension, is the field of sociological theory. Both date back to the 18th and 19th centuries, periods of drastic social change, where societies would begin to see, for example, the emergence of industrialization, urbanization, democracy, and early capitalism, provoking (particularly Western) thinkers to start becoming ...
