You will not discourage students motivated by the joy of learning by emphasizing that the case discussions will teach them about the practical implications of what they are learning. But for those many students motivated by the trade aspects of what we teach, we emphasize how grounded case discussions are in the reality of practice.”

Teaching with Cases Quotes by Espen Anderson

A teaching case is a rich narrative in which individuals or groups must make a decision or solve a problem. A teaching case is not a "case study" of the type used in academic research. Teaching cases provide information, but neither analysis nor conclusions.

What is Teaching with the Case Method?

Writing a manual on case teaching is more than a bit intimidating. Like all excellent teach- ing, it is an art, not a science; good case teaching comes from the heart, created by the mix of the teacher’s personality, knowledge expertise, and students.1No onepath leads to good case teaching. So writing a how-to book seems an act of hubris.

The ABCs of Case Teaching - Quercia

Teaching with cases online Case teaching is not just for the classroom – increasingly, you can (and some schools do) offer discussion-based (or, at least, interaction-courses online.) My buddy Bill Schiano and I wrote a long note on how to do this for Harvard Business Publishing back in 2017 – and I then completely forgot about it.
