The Complete Cannabis Indoor Grow Guide - Growers Guide to ...

When cultivating cannabis indoors, there are two viable options: Growing in traditional soil or a hydroponic tray. Soil is typically recommended if you're growing indoors for the first time. It is cheaper, more straightforward, and more forgiving than an advanced hydroponic system. Let's take a closer look at each of the two options.

The first thing to keep in mind is timing. Don't wait too long before transporting your healthy outdoor potted plants inside. Waiting an extra day and letting that plant sit out in the cold is a potential killer. Keep your eye on the weather and bring any plants you wish to overwinter inside sooner rather than later.
