Constitutional Law The Constitutional right to privacy protects the liberty of people to make certain crucial decisions regarding their well-being without government coercion, intimidation, or interference. Such crucial decisions may concern religious faith, moral values, political affiliation, marriage, procreation, or death.

## **Privacy legal definition of privacy**

No matter how people choose to define 'privacy', there is a widespread sentiment among legal and ethics scholars that existing privacy laws do not provide as much privacy as many people expect or erroneously believe they have. 28 US federal privacy laws dating back to the early 1970s strike a balance that grants people some control over their data (through informed consent rights) while also allowing at least some unconsented collection and use of people's data (including their genetic ...
